Mix up your dinnerware to create exciting new settings

START WITH CLASSIC WHITE plates as a base for your table top and add interest with embellished dessert and rimmed dinner plates. **Bernardaud** Sauvage silver-trimmed plate, \$80, *LCR Westport, Westport*. **Juliska** Villandry white dessert plate (top), \$42, *Juliska, Stamford*. **Carmona** Paline collection thin rim and round plates (below) 6"-14"; \$6-\$57 per plate, *online only, carmonanewyork.com*.

One of my favorite things to do for the holidays when creating a "look" is to go for the unexpected...seduce the eye with a monochromatic tablescape in a rich color like hot pink or a dreamy winter wonderland of all white.
