PHOTOGRAPHY BY READYLUCK

Celebrity planner **JES GORDON OF PROPERFUN** designed our fabulous fifth-annual gala at the iconic **NEW YORK PUBLIC LIBRARY**. The guest list read like a who's who of the wedding industry.

"I wanted to express a celebration through the five senses for The Knot Gala's fifth year. We created a memorable experience through site, taste, touch, feel and sound: All of the food and beverages were interactive; the music and entertainment changed throughout the evening; the décor was colorful with various amounts of textures; and the activities included an opportunity to create a scent specific to each guest."
